PRESIDENT'S MESSAGE

Singapore Handball Open Tournament (SHOT) is an event for the Singapore handball teams and community to experience and witness handball from countries all over the world.

Although handball is an Olympic sport, it is relatively new to many in Singapore unlike soccer, basketball or netball which were introduced to them at a younger age. The inaugural SHOT 2013 (men's category) was first held in Singapore during my first term as President of Handball Federation Singapore, with hopes and dreams that Singapore handball will grow and learn from this event.

I am proud to say that in 2013 with only Malaysia as the overseas participating country, 2014 shows a huge increase in number of teams participating namely Japan, Taiwan, Uzbekistan and Hong Kong across both gender.

I do hope that SHOT will continue to grow together with the players participating and Singapore handball. Wishing all the best to all the teams participating and thank you for being part of this development of handball in Singapore.

Adele Lim
President
Handball Federation of Singapore
